Based on this review, the Debtor submits that the customer asserted cryptocurrency quantities and fiat which does not match the quantities and holdings in such customer's accounts. No liability exists on account of the other activity asserted. Accordingly, the Debtors seek to modify the asserted claim to match their books and records. In addition, based on the Debtors' review of their books and records, the Debtor entity against which the Proof of Claim is asserted should be modified from the Debtor identified in the Asserted Claims to the Debtor identified in the Modified Claim.

Reason: The Debtors have conducted a review of the filed proof of claim and any related accompanying materials and their books and records. Based on this review, the Debtor submits that the customer asserted cryptocurrency quantities and fiat which does not match the quantities and holdings in such customer's accounts. No liability exists on account of the other activity asserted as the modified tickers and quantities above reflect the claimant's holdings as of the petition date. Accordingly, the Debtors seek to modify the asserted claim to match their books and records.
